Highest Level achieved in high school – For your application, highest level achieved means completed or currently taking.

Post-Secondary education – Students coming directly from high school can complete this screen by selecting "I have not yet attended a post-secondary institution" and selecting "Save & Continue" (please move to **Step 7**). Transfer students, Dual-credit students, and students completing high school upgrading at post-secondary institutions are required to enter all details of their post-secondary education.

Post-Secondary academic history – Please provide a full and accurate academic history. Failure to do so may have negative implications on your academic file, as per section A.4 of the Academic Calendar.

For students who have attended institutions as a visiting or exchange student, these institutions are also required. Be as accurate as possible when selecting your academic credential.

If an Academic Credential is selected, the graduation date will become available – only select a credential if you are in the final year of your program (your program will be completed by the time you start at UCalgary).

Step 7). First Choice – If you receive an offer of admission to your first-choice program, this is the only offer of admission you'll receive. We recommend you rank your application choices with your most desired program as your first choice.

Before moving ahead, please make sure to click the Admission Requirements link (see next page).
