**Alberta Association for Community Living (AACL):**

11725 Kingsway Ave, Edmonton, T5G 0X5

The Alberta Association for Community Living (AACL) is a family based non-profit federation that advocates on behalf of children and adults with developmental disabilities and their families. Together, we share a dream of meaningful family life and community inclusion for individuals with developmental disabilities. As an advocacy organization we support families and individuals in their desire to be fully included in community life.

### **Brain Care Centre:**

#229, 10106 111 Ave, Edmonton AB T5G 0B4

The Brain Care Centre is a non-profit organization stemming from the April 1, 2011 merger of NABIS (Northern Alberta Brain Injury Society) and EBIRS (Edmonton Brain Injury Relearning Society). As we continue to fulfill our goals of providing support and service coordination to those impacted by brain injury and their caregivers, we also provide education and increase public awareness. Brain Care Centre offers programs and services at no cost to clients in its offices in Edmonton and Edson. Outreach services span from Edmonton and area, and include Drayton Valley and the communities along Highway 16 from Stony Plain all the way to Jasper.

### **McMan Services:**

Since opening its first program in 1975 McMan Youth, Family and Community Services Association has grown and evolved into a dynamic not-for-profit social service agency that provides a comprehensive range of programs. McMan is a well respected organization and has earned a solid reputation as a responsive, highly competent and innovative partner in service delivery. McMan is made up of people who truly care – from our local boards of directors to our professional staff and our volunteers. We care about what we do, we care about the people we serve, and we care about the society in which we live.

### **Demonstration Child Care Centre:**

MacEwan's Child Care Centre is committed to quality child care and early learning for children aged 19 months through six years. They offer quality, supportive child care that incorporates the latest theories and practices of early childhood education and gives children the confidence and security to develop a strong sense of identity. This is achieved by:

- Providing a warm, safe environment that encourages learning through play.
- Working closely with families to help ensure healthy physical, emotional and social development.
- Stimulating playrooms, creative experiences and qualified early childhood educators, help children build self-esteem and build a solid foundation for early learning in math and literacy
