Generic Academic Ranks

At the point of hiring, academic staff members outside of the ranks listed in Schedule A, will be placed in one of the following categories. The category of the academic appointment must be clearly outlined in the letter of appointment and reported to the Faculty Association.

Except for the promotion opportunities inherent within Generic Ranks A and B, any academic staff members hired into Academic Categories A through E may not be transferred to other ranks without agreement between the Parties.

A. Three-Tiered Progressive Ranks

Members in this category will be eligible for promotion to the next higher category through the process outlined in Article 28, based on criteria established: a) by a Faculty Council in accordance with GFC Policy; b) in a hiring letter; or c) in a separate document agreed to by the academic staff member and the Dean (or equivalent). In the absence of documented criteria, committees shall consider the overall accomplishments in considering whether a higher rank is appropriate. Where the position is tenure-track, tenure will normally be linked to promotion to A2.

1.1 Rank Salary

- 1) The starting salary at which the academic staff member has been appointed shall be stated in the letter of appointment. The salary will be effective on the date the staff member commences employment, and will remain in effect until the following June 30. However, if salary rates are adjusted as a result of collective bargaining between the Governors and the Association, the adjustment shall apply to the new academic staff member unless stated otherwise in the letter of appointment. The letter shall state separately any honorarium, which is to be paid in addition to salary.
- 2) Salaries, less approved and required deductions, shall be paid at least once a month by deposit directly into the academic staff member's account at any Canadian bank, credit union or other financial institution designated by the academic staff member, provided that technical arrangements satisfactory to the University can be made.
- 3) The salary rate of an academic staff member on leave shall be adjusted by negotiated salary rate adjustments effective during the first thirty-six (36) consecutive months of leave only. The salary rate of an academic staff member resuming regular full-time duties after thirty-six (36) consecutive months of leave shall be subject to renegotiation.
- 4) When payment is to be made for special assignments, including Spring or Summer Session teaching, such payment may be made according to an arrangement other than monthly payments but in any case shall be paid in full on completion of the special assignment.
- 5) Any tenure track Assistant Professor, Assistant Librarian, Assistant Archivist, Assistant Curator or Assistant Professor (Teaching) hired before June 1, 2014 whose rank salary reaches the maximum of the salary range for their rank prior to the end of the tenure track appointment shall be entitled to any across-the board increase or merit increment awarded, to be added to the rank salary base.

1.2 Merit Increments

- 1) All salary increments (as distinct from negotiated salary adjustments) are not automatic and are awarded on the basis of the duties assigned pursuant to Article 12 and according to the Merit Assessment Process outlined in Article 29.
- 2) The dollar value of merit increments for each rank is negotiated between the Governors and the Association.

- 3) Increment awards shall be calculated using the increment values stipulated in the salary schedule effective July 1 for the rank salary held by the staff member on that date.

1.3 Across-the-Board Salary Adjustment

1.3.1 Salaries in effect March 31, 2023 shall be increased by 1.25% April 1, 2023.

1.3.2 Salaries in effect November 30, 2023 shall be increased by 1.5% December 1, 2023.

1.3.3 An additional 0.5% across-the-board salary adjustment shall be made to salaries in effect November 30, 2023, retroactive to December 1, 2023, subject to the following Gain Sharing Formula:

Alberta's 20-year average (2000-2019) of Real Gross Domestic Product (GDP) is 2.7%. Provided that the "Average of All Private Forecasts for Alberta's Real GDP" for 2023 Calendar Year is at or above 2.7% as of February of 2024, then an additional 0.5% will be added to wages retroactively to Dec 1, 2023.

"Average of All Private Forecasts for Alberta's Real GDP" for 2023 Calendar Year would be a simple average of Alberta's Real GDP for 2023 across the following independent forecasting institutions:

- Conference Board of Canada
- Stokes Economics
- BMO Capital markets
- CIBC World Markets
- Laurentian Bank
- National Bank
- RBC Royal Bank
- Scotiabank
- TD Bank

The most recent publicly available forecast for Alberta's Real GDP for 2023 would be sourced from each institution at the time the pay-out determination would be made in February 2024.

1.4 Extra Remuneration Payments

1.4.1 The remuneration paid for overload duties, Spring and Summer Session teaching or duties voluntarily assigned under article 12.11 shall be determined on the basis of a minimum of:

	July 1, 2022	April 1, 2023	December 1, 2023*
Per half course equivalent	\$6,338	\$6,417	\$6,513
Per full course	\$12,676	\$12,834	\$13,026

**An additional 0.5% increase shall be applied retroactive to December 1, 2023 provided the terms of the Gain Sharing Formula outlined in Schedule "A", Article 1.3.3 are met.*

1.4.2 The salary rate for overload duties, Spring and Summer Session teaching or duties voluntarily assigned under Article 12 may be reduced in cases where an academic staff member is appointed to teach a very small class as follows:

- a) 2 students = 2/3 of the normal rate;
- b) 1 student = 1/3 of the normal rate.

1.5 Market Supplements

Market Supplements are payments made to academic staff members in addition to their rank salaries in order to attract and retain academic staff members when competitive pressures in the market warrant such payments.

A Market Supplement shall be paid for a fixed period not to exceed four (4) years, except where:

- a) the market supplement is a component of a Canada Research Chair (CRC) remuneration package. In this case, the term of the market supplement will be the same as the CRC term of appointment to a maximum of seven (7) years;

or

- b) the market supplement is a component of a new academic staff member's remuneration package for recruitment to a Tenure-track position. In this case, the term of the market supplement will be the same as the Tenure-track appointment to a maximum of six (6) years.

Market Supplements in effect for academic staff in the Cumming School of Medicine as of June 30, 2013, shall be grand-parented and remain in effect for the term of the academic staff member's employment. All Market Supplements that commence as of the date of signature of the Collective Agreement or later shall be paid pursuant to this article.

The value of all Market Supplements paid to academic staff shall not exceed 4% of the total of rank salaries paid to continuing, contingent-term and limited-term academic staff as of July 1 of a given academic year.

Market Supplements are recommended by the Dean or equivalent to the Provost, highlighting the rationale for the payment of the market supplement.

1.6 Provost's Fund

"Provost's Fund" is the budget available to the Provost to provide rank salary increases in order to retain individual academic staff members when competitive pressures in the market warrant such payments beyond the allowable term of a market supplement and to provide funds to faculties and academic units for the general support of academic staff.

Each July 1, the annual amount allocated to this fund shall be 0.35% of the total of rank salaries paid to continuing, contingent-term and limited-term academic staff. Any unspent funds at the end of a year may be carried forward for the term of the Collective Agreement.

The Provost shall establish procedures, in consultation with the Faculty Association, for the award of Provost's Fund salary increases.

1.7 Other Compensation

The Parties recognize that funding arrangements for academic staff members are changing and it is important for the University to remain competitive.

Subject to the definition of Compensation, any form of compensation paid to academic staff, other than rank salary and market supplement, shall be at the discretion of the Provost. This normally includes, but is not limited to, research stipends. The amounts paid shall not exceed \$100,000 per academic staff member and 5% of the University's total salary budget for continuing, contingent-term and limited-term academic staff as of July 1 over the term of the Collective Agreement.

2. Benefits

In managing the program of academic staff benefits, the Governors agree not to implement any substantial changes which would reduce the benefits to academic staff members without the agreement of the Association.

2.1 General Matters Concerning Eligibility, Enrolment, Participation, and Exemption

The following definitions shall apply in determining eligibility for coverage, where applicable, under University benefit plans:

- d) “Child” means:
- i) staff member’s biological or adopted child who is unmarried, less than 21 years of age, and is financially dependent upon the staff member for support; and
 - ii) spouse’s biological or adopted child who is unmarried, less than 21 years of age, cohabits with the staff member, and is financially dependent upon the staff member or spouse for support;

except that the age limitation shall be “less than 25 years of age” where the child as defined above is in full-time attendance at an accredited educational institution, or has been physically or mentally disabled continuously since before attaining the age of 21.

2.1.2 Benefit Plan Participation / Exemption

2.1.2.1 Participation in the following University benefit plans shall be a condition of employment for all Continuing, Contingent Term, or Limited Term academic staff, except where a staff member applies in writing to be exempted from participation in any of the plans and provides evidence that they (and their spouse and any of their dependent children to be covered) are covered under similar plans through family coverage provided by his/her spouse's employer:

2.1.2.3 All part-time Continuing, Contingent Term, or Limited Term academic staff members shall be eligible for the same benefit plans as full-time Continuing, Contingent Term, or Limited Term academic staff members, on a pro-rated basis.

2.1.3.1 The following benefit plans provide for coverage to be extended to a staff member's spouse and/or dependent children:

- Group Accidental Death and Dismemberment Insurance
- Alberta Health Care Insurance
- Extended Health Care
- Dental Care

2.1.3.2 Where benefit plan coverage for a staff member is a condition of employment, application for coverage for his/her dependent(s) (which is optional) must be received by Human Resources not later than 30 days (60 days for staff on leave):

(a) following the date on which the staff member's first appointment at the University entitled him/her to participate in the plan(s); or

(b) following the date on which such person(s) became eligible dependent(s), whichever is the later, except where subsequent (re)enrolment is provided for in Clauses 2.1.5 and 2.1.6, and except for dependent children who may be enrolled by a covered staff member in the Dental Plan up to the child's third birthday.

2.1.4 Eligibility of Dependents Residing Outside of Alberta

2.1.4.1 Academic staff with dependents residing outside Alberta but within Canada shall be allowed to enroll those dependents in the Dental Care plan and the Extended Health Care plan as if the dependents resided in Alberta.

2.1.4.2 Where dependents reside outside of Alberta but within Canada and are enrolled in the provincial health care plan of the province of residency, the academic staff member shall, upon presentation of receipts for the cost of such coverage, be reimbursed for the premium cost of the dependent coverage in the appropriate provincial health care plan. Reimbursement shall be made in arrears on a quarterly

basis, and shall not exceed the amount which the Governors would otherwise contribute for dependent coverage under the Alberta Health Care Insurance Plan.

2.1.4.3 The academic staff member shall provide satisfactory proof (such as a sworn declaration) of dependent status of the persons to be covered under this provision at the time coverage is applied for and from time to time thereafter as may be required by the Governors.

2.1.4.4 Dependents eligible for coverage under this provision must be registered in accordance with the provisions of Clause 2.1.3.

2.1.5 Eligibility – Change of Status

2.1.5.1 Where a staff member's status changes:

- a) from single to a spousal relationship; or
- b) from a spousal relationship to single; or
- c) where a staff member becomes eligible for family coverage provided by a spouse's employer;

the staff member shall be granted participation in, or exemption from, the benefit plans provided that the application for participation / exemption is made not later than 30 calendar days after the date of eligibility (60 calendar days for staff on leave).

2.1.6 Eligibility – Participation After Exemption

2.1.6.1 A staff member, his/her spouse, and eligible dependent children who have been exempted from participation pursuant to Clause 2.1.2 shall be eligible to apply for coverage(s) under the University's plans only if the spouse's coverage terminates due to the termination of his/her employment. Under such circumstances, coverage will be made available provided that the staff member

- a) provides proof that the spouse's employment was terminated, or that the spouse is no longer able to obtain coverage from his/her employer, and
- b) provides proof that the spouse, and staff member / dependent children if applicable, were covered under the spouse's employer's plan immediately prior to the date on which the spouse's coverage under that plan was terminated, and
- c) makes application for coverage no later than 30 calendar days after the spouse's coverage terminates (60 calendar days for staff on leave).

2.1.7 Late Registration

2.1.7.1 The late registration of a spouse and/or eligible dependent children may be permitted provided that the staff member pays the full cost of the additional premiums involved for retroactive coverage for the period from the date the spouse and/or dependent children became eligible to the actual date of application, or for a period of twelve (12) months, whichever is the shorter period.

2.1.7.2 Retroactive premium payments may, at the staff member's option, be made by payroll deduction in monthly amounts of not less than the equivalent of the monthly premium required for the additional coverage.

2.1.7.3 Where a staff member has full dependent coverage in effect and no additional premiums are required in respect of the late registration of a spouse or dependent child, the coverage shall become effective on the appropriate date following registration of the spouse / child and no retroactive premium or coverage shall apply.

2.1.8 Leaves of Absence / Research and Scholarship Leaves

2.1.8.1 Persons eligible to continue benefit plan coverages while on leaves of absence and research and scholarship leave, at less than full salary will have the option of discontinuing their coverages. Where benefits have been discontinued, coverages will be reinstated automatically on return to full salary, subject to continuing eligibility.

Persons on leaves of absence, research and scholarship leave who are in receipt of full salary shall continue all benefit plan coverages subject only to the staff member's right to discontinue spousal and/or dependent coverages.

2.1.9 Benefits for Staff Members Age 65 and Over

2.1.9.1 The Governors shall provide benefits for staff members age 65 and over which, when combined with benefits provided by the government, shall be equivalent to those which apply to staff members under age 65 in respect of the following plans:

- Group Accidental Death and Dismemberment Insurance (Basic)

- 2.2 Group Life Insurance
- 2.2.1 The maximum basic insurance amount shall be \$200,000.
- 2.2.2 Basic coverage for each covered employee shall be the greater of \$100,000 or two times his/her regular annual salary rate rounded to the next higher \$1,000 if not already a multiple thereof, subject to the \$200,000 maximum.
- 2.2.3 The definition of 'disability' for purposes of determining the waiver of premium benefit under the group life insurance plan shall be the definition in the long-term disability plan.

- 2.2.6 If the premium rate goes above \$24 per month for the first \$100,000 of life insurance and the University does not negotiate or the Parties are unable to reach agreement, the University will contribute the premium for the first \$100,000 of life insurance.

- 2.3.3.2 The payments will be made by the Governors on behalf of the Association as follows:
- a) The amount of income and waiver benefit which a disabled staff member is receiving in the month of June in any year will be increased commencing with the month of July following, based on the across-the-board adjustment negotiated between Governors and the Association for that academic year for full-time Continuing, Contingent Term, and Limited Term staff;
 - b) Payment of cost-of-living adjustment shall at all times be contingent upon the special account having sufficient funds to maintain such payments; payments will terminate if funding is inadequate.
