ASHA 501 Lec 1 – The Nature of Research

Professor Frank W. Stahnisch

This course will consider academic research within the social, historical, and political context of its production and use. Questions to be considered include, but are not limited to: the historical development of professions and disciplines; the cultural framework within which research is produced and the cultural uses of research; and the ways in which research creates objects of knowledge and serves to define and categorize human experience and identity. This course may not be repeated for credit.
