DEAR COUNSELLOR,

We’re looking forward to connecting with you again in the upcoming recruitment and admission cycle. For those of you coming back from summer holidays, we hope you had a relaxing and restful break.

We would like to thank you and acknowledge the important role you have in helping students evaluate their post-secondary options. To help make this job easier, this guide contains information about upcoming events, admission requirements, important dates, and additional ways we can connect and support you.

If you have any additional questions, or would like to request any resources or information, please feel free to connect with us.

Thank you,

Steven Kelly  | Assistant Registrar, Student Recruitment and Applicant Relations

Looking to have a UCalgary representative visit your school or participate in an engagement opportunity?
ucalgary.ca/future-students/undergraduate/school-recruitment-requests

The University of Calgary acknowledges the traditional territories of the people of the Treaty 7 region in Southern Alberta, which includes the Blackfoot Confederacy (comprising the Siksika, Piikani, and Kainai First Nations), as well as the Tsuut’ina First Nation, and the Stoney Nakoda (including the Chiniki, Bearspaw, and Wesley First Nations). The City of Calgary is also home to the Métis Nation of Alberta, Region 3.

Learn about our Indigenous Strategy, ii’ taa’poh’to’p, at: ucalgary.ca/indigenous

The University of Calgary is Canada’s most entrepreneurial university.

Students will experience a premier education at one of the nation’s top five research universities. Whichever of our 250+ program combinations they choose, we’ll help them turn their next big idea into a reality.

Students can access many resources designed to spark innovation, including creative labs to develop their ideas, programs to help launch start-ups and mentorship from local entrepreneurs.

Meet Gillian, one of our student innovators.

Gillian’s chemical engineering courses sparked an idea for a better moisturizer acne solution.

As part of LaunchPad, a program that builds entrepreneurial skills, Gillian further developed her idea.

Gillian launched bAlm, a company that provides skin health education and products to help people be confident in their skin.

bAlm finished first in the 2021 Innovation Rodeo competition, receiving $12,500.
Aidan is a third-year neuroscience student. He’s currently working with Dr. Aaron Phillips in the Cumming School of Medicine. He’s worked on various clinical projects regarding autonomic control and cardiovascular issues in spinal cord injury patients. Through research, Aidan hopes to gain experience working with patients, as well as to improve the lives of people with spinal cord injury.

**UCalgary at a glance**

- Founded in 1966
- 28,000+ undergraduate students
- students from 142 countries
- 14 faculties
- Canada’s entrepreneurial university
- Youngest Top-5 research university in Canada
- 94% after-graduation employment rate
- 95% undergraduate retention rate
- UCalgary at a glance

**Our vibrant community**

Calgary is Canada’s youngest and third-most diverse city. Explore lively neighbourhoods, festivals like Beakerhead or the Calgary Folk Music Festival, and world-class attractions like the National Music Centre, Central Library or Calgary Tower.

**A city of opportunity**

Calgary is the innovation capital of Canada, a leader in many fields including aerospace, agribusiness, creative industries, energy, financial services, interactive digital media, and life sciences. Students can get started in a city famous for fresh ideas and new beginnings.

- 3rd most livable city in the world
- 6 major ski resorts within 3 hours
- Canada’s sunniest major city
- 10,000+ hectares of green spaces
- 25 of Canada’s top 100 restaurants

**This is the place to find big opportunities.**

- Most patents per capita in Canada
- Most head offices per capita in Canada
- Highest average personal income in Canada and no provincial sales tax
- Canada’s highest concentration of high-tech workers
## Experiential Learning at UCalgary gets major boost

Our complex and changing world requires advanced skills in research, entrepreneurial thinking, collaboration and communication. We understand the importance of integrating hands-on experience with academic study so students are well-equipped to be leaders in industry, government and non-profit. UCalgary has launched a plan that incorporates experiential learning opportunities into students’ degree programs. We’re also pleased to share the new work-integrated learning (WIL) initiative for neurodiverse students with support from the Sinneave Family Foundation.

## Introducing the Bachelor of Design in City Innovation

We offer the first undergraduate degree in Western Canada that combines design thinking with a focus on innovative change in the physical and social infrastructure of cities. The unique curriculum integrates studio based learning, real-world projects and courses that address climate change, sustainability, global citizenship, entrepreneurship and data science to prepare students to shape our future cities.

## Schulich Indigenous Pathways Program (Engineering)

The Pathways Program is intended to encourage Indigenous Peoples who are interested in STEM (Science, Technology, Engineering and Math) to study at the Schulich School of Engineering. We will aim to foster an Indigenous-centred community in which students are provided with the requisite supports that promote their skill development, well-being, and success as engineering scholars.

## APPLY FOR AWARDS

Students don’t need to receive an offer of admission to apply. Once they’ve applied for admission, they can apply for awards right away!
Explore our university

Students can live and study in a park-like setting – a hub of social, cultural and academic life. Day or night, there’s always something new to discover. With transit connecting the university to the rest of Calgary, it’s easy to explore the city too. The university’s light rail station (LRT) is just five short stops from downtown.

Resources

Guidance Counsellor
Web Resources
Access helpful resources for students and counsellors. Learn more at: ucalgary.ca/future-students/undergraduate/high-school-counsellors-and-advisors

Student Wellness Services
Medical and mental health services are available on campus. Learn more at: ucalgary.ca/wellness-services

Student Accessibility Services
Students can access advisors who can help them transition accommodations from high school to university. Learn more at: ucalgary.ca/access

UCalgary Dinos
Do you have students who are interested in playing for the Dinos? Students should directly contact the head coach of the sport they’re interested in. Learn more at: godinos.com

Applying for Study Permits
Staff in International Student Services can legally answer questions from international students about the study permit application process. For more information, visit: ucalgary.ca/iss/immigration/study-permits

Living on Campus
Students are guaranteed a home on campus for the first two years of study if they apply for residence by May 1, 2023. Learn more at: ucalgary.ca/residence

Alberta’s first fair trade campus
Community edible gardens
Top 5% globally for advancing the UN sustainability goals
Heated walkways between buildings

Areas of study

Selecting and customizing a degree is a simple two-step process.
Learn more about choosing a degree

CHOOSING A DEGREE

STEP 1
Students select their major

STEP 2
They can customize a degree by:

- Choosing a minor in an upper year
- Integrating an embedded certificate in an upper year
- Taking a combined degree option

FACULTY OF ARTS

Students will learn to critically address today’s complex events and circumstances. They can take advantage of co-op placements in many programs or apply to join the arts and science honours academy offering exclusive courses and a small cohort experience.

Bachelor of Arts
- Ancient and Medieval History
- Anthropology
- Art History
- Communication and Media Studies
- Dance
- East Asian Language Studies
- East Asian Studies
- Economics
- English
- Film Studies
- French
- Gender and Sexuality Studies
- Geography
- Global Development Studies
- Greek and Roman Studies
- History
- International Indigenous Studies
- International Relations
- Language and Culture
- Latin American Studies
- Law and Society
- Linguistics
- Multidisciplinary Studies
- Music
- Philosophy

SCHOOL OF ARCHITECTURE, PLANNING AND LANDSCAPE (SAPL)

We offer the first undergraduate degree in Western Canada that combines design thinking with a focus on innovative change in the physical and social infrastructure of cities. The unique curriculum integrates studio-based learning, real-world projects and courses that address climate change, sustainability, global citizenship, entrepreneurship and data science to prepare students to shape our future cities.

Bachelor of Design in City Innovation

Design in City Innovation

HASKAYNE SCHOOL OF BUSINESS

At the Haskayne School of Business, we believe in purpose-driven business. Guided by the United Nations Sustainable Development Goals, students learn how to apply entrepreneurial ideas and risk management practices to impact sustainability and ethical leadership in businesses. Our BComm degree can be customized to suit a wide array of career pathways, with over 15 areas of teaching and extra-curriculars. We develop BOLD LEADERS who will change the world.

Bachelor of Commerce
- Accounting
- Business Analytics
- Business Technology Management
- Energy and Professional Land Management
- Entrepreneurship and Innovation
- Finance
- International Business Strategy
- Marketing
- Operations Management
- Organizational Behaviour and Human Resources
- Personal Financial Planning
- Real Estate Studies
- Risk Management and Insurance
- Risk Management: Insurance and Finance
- Supply Chain Management

Werklund School of Education

Students can equip themselves to teach in an ever-evolving education system. Opportunities to diversify an undergraduate experience include learning from Indigenous Elders at Writing-on-Stone Provincial Park, volunteering to teach refugee children, or gaining international experience with the Teaching Across Borders program. Students can also gain experience through a mentorship program.

Bachelor of Education

Social Studies – Reclaiming Indigenous Languages

Footnotes:
1. Co-operative education and/or internship options available.
2. Honours program offered in upper years.
3. Program offered as partnership program.
4. Direct entry honour program.
5. May meet entrance requirements for conditional degree program.
6. Combined education program requires that students complete two degrees concurrently.

In this entrepreneurial thinking course, students turn their ideas into viable business ventures.
CUMMING SCHOOL OF MEDICINE

The Cumming School of Medicine is a leading medical school with seven research institutes and more than 2,500 students. Whether students want to pursue a career in health research to advance knowledge in areas such as cancer and infectious disease, or increase health outcomes in marginalized communities, our diverse program offerings will provide them with a solid foundation at the start of their career.

Bachelor of Health Sciences

- Biomedical Engineering
- Chemical Engineering
- Civil Engineering
- Electrical Engineering
- Geomatics Engineering
- Mechanical Engineering
- Software Engineering
- Sustainable Systems Engineering

Bachelor of Community Rehabilitation

- Community Rehabilitation

Bachelor of Health Sciences (honours only)

- Bioinformatics
- Biomedical Sciences
- Health and Society

Bachelor of Kinesiology

- Kinesiology
- Leadership and Coaching
- Motor and Psychosocial Aspects of Movement

Bachelor of Science in Engineering

- Biomedical Engineering
- Chemical Engineering
- Civil Engineering
- Electrical Engineering
- Geomatics Engineering
- Mechanical Engineering
- Software Engineering
- Sustainable Systems Engineering

The highly advanced CTEP Laboratory gives students the chance to contribute to research for the prevention and management of chronic diseases.

FACULTY OF KINESIOLOGY

By joining the #1 sport science school in North America, students have the advantage of being active while learning leadership skills in many sports—and study scientific topics including anatomy and biomechanics. They’ll thrive in practicums with organizations like the UCalgary Dinos or Olympic teams that train at our Olympic Oval.

Bachelor of Kinesiology

- Kinesiology
- Leadership and Coaching
- Motor and Psychosocial Aspects of Movement

Bachelor of Science

- Actuarial Science
- Astrophysics
- Biochemistry
- Biological Sciences
- Cellular, Molecular and Microbial Biology
- Chemistry
- Computer Science
- Environmental Science
- Geology
- Geophysics
- Mathematics
- Natural Sciences
- Neuroscience (honours only)
- Physics
- Plant Biology
- Zoology

Programs requiring previous post-secondary study

- Education (after-degree)
- Energy Engineering
- Graduate Studies
- Law
- Medicine (Canadian students only)
- Social Work
- Veterinary Medicine (Canadian students with Alberta residency only)

UCalgary boasts a number of world-class graduate programs to further specialize after completing our undergraduate degree. Learn more at grad.ucalgary.ca.

FACULTY OF SCIENCE

Many of our programs feature field schools and summer research opportunities. Whether in a lab working on quantum information and computing, studying auroras on one of Canada’s largest telescopes, or examining European green crabs at the Bamfield Marine Sciences Centre, students have endless opportunities to explore.

Bachelor of Science

- Actuarial Science
- Astrophysics
- Biochemistry
- Biological Sciences
- Cellular, Molecular and Microbial Biology
- Chemistry
- Computer Science
- Environmental Science
- Geology
- Geophysics
- Mathematics
- Natural Sciences
- Neuroscience (honours only)
- Physics
- Plant Biology
- Zoology

Find detailed descriptions of all our undergraduate programs at ucalgary.ca/future-students/undergraduate/explore-programs.

Bachelor of Health Sciences students conduct research that could lead to improvements in the management of pre-term labour.
Helping your students become Dinos

Encourage them to explore UCalgary

Learn about becoming a Dino
Students can join online or in-person tours and events throughout the year. They can check out our Start Your Journey with UCalgary webinar series or attend one of our national meet-and-greet events for prospective students.

ucalgary.ca/future-students/undergraduate/tours-and-events

Decide on a major
Students can choose from over 250+ program combinations.

ucalgary.ca/future-students/undergraduate/explore-programs

Check program requirements

Required courses
Each program has five courses required for admission. Students can see which courses are required for each program in the tables on the following pages.

How is your student’s average calculated?
Admission average is calculated using the five required courses. Where school credit weights are given, the weight is used to calculate the average. This includes predicted results for students in a year-long curriculum.

Submit application

Apply early!
Applications open Aug. 15, 2022 for international applicants and Oct. 1, 2022 for Canadian applicants. Applications are submitted online at ucalgary.ca/future-students/undergraduate/apply.

CONTINUED
**Program**  
Werkland School of Education (Four Year)  
Educatio on (Four Year)  
Social Studies: revitalization of Indigenous languages  
Werkland School of Education (Four Year)  
Werkland School of Education (Four Year)  
Social Studies: revitalization of Indigenous languages  
Werkland School of Education (Four Year)  
Werkland School of Education (Four Year)  
Primary Language: high school courses related to their intended major.

**Important notes**
- Two courses in the same subject area may be presented to satisfy entrance requirements unless the courses are Mathematics 30-1, Mathematics 30-2, Mathematics 31 or equivalents.
- Only one senior-level course of the same language may be used to satisfy entrance requirements.
- A maximum of one Fine Arts course may be used for admission.

**Approved Alberta high school courses**
- English Language Arts 30-1
- Mathematics 30-1
- Mathematics 30-2
- Chemistry 30
- Biology 30
- Physics 30
- Mathematics 30-1, Mathematics 30-2, Mathematics 31, Science 30, Biology 30, Chemistry 30, Physics 30, Language and Language Culture courses
- Two approved courses, one of which may be an approved option

**Approved options**
- English Language Arts 20-1
- Mathematics 20-1
- Mathematics 20-2
- Chemistry 20
- Physics 20
- Language and Language Culture courses at the 20 level
- Two approved courses, one of which may be an approved option

**English language requirements**

There are three ways to meet our English language admission requirements:

1. **High school studies**
   - Students studying a different curriculum can use our admission requirements tool to see the courses they need for their program of choice.

2. **Academic Communication Certificate (ACC)**
   - If Math 31 isn’t available, an admission average will be calculated using four required courses and an approved course (to replace Math 31). The final admission average will be 5% higher.

Admission offers via the biology-based admission route are conditional on successful completion of the Schulich School of Engineering Bioengineering Summer Institute prior to the start of the engineering program.

Click here to view more options.

**English language requirements**

There are three ways to meet our English language entrance requirements:

1. **High school studies**
   - Three years of study in an ELP exempt country, or at an accredited high school (Canadian, American, British or CIS school) where English is the primary language of instruction. Final English courses must also be equivalent to Alberta’s senior level (Grade 12) English.

2. **English language test scores**
   - Present the minimum required score from an accepted test:
     - Duolingo - 115
     - IELTS - 6.5
     - TOEFL (internet-based) - 86
   - Nursing & education require higher scores.

3. **Academic Communication Certificate (ACC)**
   - Students apply for undergraduate admission and complete the Academic Communication Certificate (ACC) by the end of summer term in the year of application can be considered for conditional admission to a degree program.

Learn more online, including what other tests are accepted.

Applications must meet the course requirements for the faculty offering a concurrent degree. You can view degree combinations online: ucalgary.ca/future-students/undergraduate/explore-programs/education

Additional pathways to admission

Indigenous students

There are dedicated admission pathways for Indigenous learners. To be considered for all pathways, students must self-identify as Indigenous as part of their initial application.

Our Indigenous Student Recruitment Team is here to support. Connect at: indigenous.recruiter@ucalgary.ca

Diverse qualifications

To be eligible, students must demonstrate:

- Excellence in non-academic areas
- Perseverance under great difficulty or hardship
- Canadian citizenship or permanent resident status

Learn about our diverse qualifications admission process.

CLICK HERE

ucalgary.ca/future-students/undergraduate/diverse-qualifications

Mature student admissions

Students will be considered for admission under our adult student admission process if they meet these criteria:

- 21 or older
- Canadian citizen or permanent resident
- Completed 12 or fewer post-secondary academic units (4 courses)

View the admission requirements under our adult student admission process.

CLICK HERE

ucalgary.ca/future-students/undergraduate/requirements

Transfer applicants

Students that have completed 12 or more post-secondary academic units will be considered for admission based on their post-secondary academic standing.

(Some programs may also require students to complete, or be in the process of completing, specific course requirements at the high school and/or post-secondary level.)

View the admission requirements under our transfer student admission process.

Important notes

- Two courses in the same subject area may not be presented to satisfy entrance requirements unless the courses are Mathematics and Calculus.
- Only one senior-level course of the same language may be used to satisfy admission requirements.
- A maximum of one Fine Arts course may be used for admission.

Students studying a different curriculum can use our admission requirements tool to see the courses they need for their program of choice.

Program | Estimated competitive admission average | Required courses for admission | Notes

---|---|---|---
SCHULICH SCHOOL OF ENGINEERING | Mid 80s | Regular admission route: English, Mathematics, Calculus, Chemistry, Physics | Admission offers via the biology-based admission route are conditional on successful completion of the Schulich School of Engineering Bioengineering Summer Institute prior to the start of the engineering program.

If Calculus is not attempted, the final admission average will be a minimum of 1% higher. Calculus will be replaced with another approved course.

FACULTY OF KINÉSIologie | High 80s | - English
- Mathematics
- Chemistry
- Biology
- One additional course | Calculus is required, and Physics is recommended for Biomechanics.

CUMMING SCHOOL OF MEDICINE
Community Rehabilitation | Low 90s | - English
- Biology
- Three additional courses |

CUMMING SCHOOL OF MEDICINE
Health Sciences | High 80s | - English
- Mathematics (minimum 70%)
- Chemistry
- Biology
- One additional course | There are additional supplementary requirements. Learn more: cumming.ucalgary.ca/hsic/future-students

FACULTY OF NURSING | Low 90s | - English
- Mathematics
- Chemistry
- Biology
- One additional course | Students are encouraged to take high school courses related to their intended major:

Natural Science and Environmental Science majors must meet the admitting average of their concentration.

FACULTY OF SCIENCE | Neurioscience: mid 80s
Biology: high 80s
Computer Science: mid 80s
Honours: mid 90s
All other programs: high 70s | - English
- Mathematics
- Two science courses
- One additional course | Students studying a different curriculum can use our admission requirements tool to see the courses they need for their program of choice.

An education from one of Canada’s top-five research universities is a valuable investment. UCalgary’s tuition and fees compare favorably to other highly ranked universities.

**Tuition & fees**

**Estimated costs for first year students**

<table>
<thead>
<tr>
<th></th>
<th>Canada</th>
<th>International</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Domestic tuition</strong></td>
<td>$6,598 - $8,646</td>
<td>$24,408 - $32,307</td>
</tr>
<tr>
<td><strong>General fees, books</strong></td>
<td>$1,900 - $2,400</td>
<td></td>
</tr>
<tr>
<td><strong>Residence and</strong></td>
<td><strong>meal plan expenses</strong></td>
<td><strong>$7,996 - $14,078</strong></td>
</tr>
</tbody>
</table>

Estimated costs are for an eight-month period (September to April) and are based on an expected first-year course load and a typical student’s experience in residence. Fees are based on the 2022 – 2023 academic year. Tuition fees are reviewed regularly by the Board of Governors, in consultation with students. You can find all the most up-to-date tuition and fee amounts at: ucalgary.ca/pubs/calendar/current/p-1-1.

**Financial awards**

- **$20M+** Scholarships, bursaries and awards available annually
- **$20,000 – $100,000** Value of prestige awards
- **25%** Entering students who receive a scholarship, bursary or award

**Types of awards**

<td>Several hours (essay questions)</td>
</tr>
<tr>
<td><strong>Example of specific awards</strong></td>
<td>$5,000 President’s Admission Scholarship for students with an admission average of 95% or higher</td>
<td>$10,000 CIBC International Entrance Scholarship for an international student who demonstrates strong academic excellence</td>
<td>$20,000 University of Calgary International Entrance Scholarship, renewable for four years</td>
</tr>
</tbody>
</table>

**WHEN AND HOW TO APPLY**

Students can apply for awards as soon as they’ve submitted their application for admission. Students don’t need to wait to be accepted to apply. View the step-by-step instructions on our awards web page.

Do you have a student that needs help planning their expenses? Try our online cost estimator tool.

ucalgary.ca/cost-estimator

**Payment plan option**

We want to make it as easy as possible for our students to pay their tuition and fees. That’s why UCalgary students have the option to self-enrol in a payment plan that allows them to pay in installments over the term rather than all at once.

ucalgary.ca/registrar/finances/tuition-and-fees/payment-plan

Each year, thousands of new students kick off their UCalgary journey by cheering on their faculty at the annual Induction Ceremony.

In-person and virtual events

Students can join us online or in-person for events such as Open House, Faculty Information Nights and webinars about admissions, financial aid and awards. We also record all of our webinars so they can be listened to at anytime.

Pre-register for an event today
