

AGREEMENT FOR THE USE OF AUDIO RECORDINGS

Student Accommodation Policy and the Procedures for Accommodation for Students with Disabilities sets out the University's obligation to provide reasonable accommodation to students when they have requested such an accommodation on a protected ground, in its role as a service provider, under the Alberta Human Rights Act. The detailed university policy and procedure document is available at <https://www.ucalgary.ca/legal-services/sites/default/files/teams/1/Policies-Accommodation-for-Students-with-Disabilities-Procedure.pdf>

I, the undersigned, understand that I have been granted an accommodation to audio record lectures in accordance with the Student Accommodation Policy and the Procedure for Accommodation for Students with Disabilities. The accommodation to audio record has been granted for all courses while attending the University of Calgary.

I agree that this recording will be used solely for the purposes of individual private study by the undersigned, and that no part of these recordings will be shared with other students in the class or in subsequent classes or with other individuals now or in the future.

I agree that no part of these recordings shall be sold, transferred, re-recorded, or published in any way.

I agree to destroy the recordings within two weeks of the date on which the lecture/class was recorded. As a student with documented access to audio recordings, I understand that I am expected to make or augment my class notes within this time period.

I acknowledge and understand that using audio recording of lectures for any purpose other than personal study, or in a manner that contravenes this agreement, is a violation of the University's Academic Misconduct policy.
