

2023 UCalgary International Photo Contest Categories

When planning your photo submissions, we encourage you to consider how to incorporate your experience as a student travelling abroad. Photos with yourself or other students/friends/travellers are encouraged, or photos taken in a way that shows the experience through your eyes!

Out In Nature

Show us the great outdoors and your new surroundings abroad. How did you find yourself interacting with nature? For example: outdoor activities, sports, exploring the wilderness, landscapes, trees or wildlife, etc.

(Veronica Kitzul, 2020 contest winner)

(Priska Diarta, 2018 contest winner)

In The City

Consider the connections you made in urban settings. How do you place yourself within a new city or town? For example: urban activities, street markets, exploring new roads, buildings, landmarks, etc.
