

3.1 Campus Master Plan Overview

The 2010 Campus Master Plan will be updated over 2015 – 2016 to better reflect the Post Secondary Learning Act's requirement for a Long Range Development Plan. This will be a fully consultative process involving the campus community, surrounding neighbourhoods and the City of Calgary.

The 2010 Campus Master Plan provides guidelines for the growth of the main campus. Exact building areas and functions are not predicted, but the general development pattern and the capacity of the campus to accept new development is defined. The planning document provides key directives for shaping the way the campus will develop, defining intention without being completely specific as to final form. The plan can be found at www.ucalgary.ca/campusmasterplan
