# INTRODUCTION

Welcome to Digital Skills for Learning Online, My Strategies to Learn and Collaborate Online!

In this module, you will explore communication and collaborative online tools, as well as effective study and time management strategies for online learners.

The module includes short videos, activities, and quizzes designed to guide you through the necessary steps to being a successful online learner.

You will use throughout the module your previous experiences as a learner to make new connections and put into practice your new knowledge.

Use the handouts included to write down your new learning, and ideas for your next learning adventure.

Finally, make sure to take the knowledge check to evaluate your understanding of the material covered in this module.

Time to roll up your sleeves and get started!
