

# INTRODUCTION

Welcome to Digital Skills for Learning Online, My Online Learning Plan!

In this module, you will learn about the importance of setting up a productive learning space and aspects to consider. Then you will be introduced to strategies that can help you manage your assignments and use the weekly schedule and course outline to your advantage.

Finally, you will be acquainted with more resources available to students at UCalgary Continuing Education.

The module includes short videos, activities, and quizzes designed to guide you through the necessary steps to being a successful online learner.

You will use throughout the module your previous experiences as a learner to make new connections and put into practice your new knowledge. Use the handouts included to complete some activities, take notes, and write down your ideas for your next learning adventure.

Last but not least, make sure to take the knowledge check to evaluate your understanding of the material covered in this module.

Time to jump right into the module!
